PROFESSIONAL SUMMARY

Detail-oriented Digital Marketing Analyst fresher with practical project exposure across marketing analytics, SEO, performance marketing, AI tools, automation, and website technologies. Hands-on with GA4, Search Console, Excel, Power BI, Google Ads, Meta Ads, Google Trends, Keyword Planner, WordPress and Brevo. Interested in using data and technology to understand marketing performance and support informed decisions.

EDUCATION

B.A. (English Honours)

Aryabhatta College, University of Delhi · Expected Graduation: 2027

SELECTED PROJECTS

- **Brevo Email Automation** — Built email automation workflows; explored segmentation, sequences and engagement metrics.
- **Search Engine Optimization** — Practised keyword research, on-page SEO, metadata, content structure, internal linking and Search Console analysis.
- **Power BI Marketing Dashboard** — Created marketing-focused dashboards to organise KPIs and visualise performance data for reporting and analysis.
- **Excel Data Analysis** — Worked with data cleaning, formulas, filtering, sorting and structured marketing reports.
- **Website Design & Hosting** — Built and configured WordPress websites, including page structure, basic SEO, design, content organisation and hosting fundamentals.
- **AI Essential Skills** — Developed structured prompting techniques; explored AI tools for research, analysis and productivity, with foundational understanding of agentic AI and tool-based automation.
- **Canva Design** — Created marketing creatives, presentations and visual layouts using hierarchy, typography, spacing and consistency.
